Каменный Уголь.

Общая номенклатура встрѣчающихся въ торговлѣ англійскихъ углей.

Какъ извѣстно, каменный уголь раздѣляются на два главныхъ разряда, а именно: **антрацитъ** (anthracite) и **битуминозные угли** (bituminous coal).

Антрацитъ, называемый въ Англіи также stone coal (= **каменный** уголь), чернаго цвѣта, имѣетъ особый, съ радужными оттѣнками, металлическій блескъ, не легко загорается и горитъ почти безъ запаха, дыма или пламени (почему его иногда и называютъ „blind coal“ т.е. „слѣпой“ уголь). Онъ часто содержитъ до 94, и если исключимъ золу, то до 98 процентовъ углерода. По мѣрѣ уменьшенія процентнаго содержанія этого элемента, антрацитъ постепенно переходитъ въ битуминозный уголь. Однако слѣдуетъ имѣть въ виду, что названіе „антрацитъ“ иногда примѣняется даже къ углямъ, содержащимъ не болѣе 80 процентовъ углерода.

Для обозначенія антрацита въ Англіи иногда употребляются также названія „glance coal“ (глянцевитый уголь), „culm“ и „Welsh coal“ (вельскій уголь). Вывозится онъ главнымъ образомъ черезъ Кардифъ и примѣняется чаще всего при обжиганіи извести и кирпичей, выплавкѣ желѣза и другихъ металловъ, для образованія пара и пр.

Число разновидностей **битуминознаго** угля въ Великобританіи настолько значительно, что, по свѣдѣніямъ англійскаго адмиралтейства для обозначенія привозимаго въ одинъ Лондонъ горючаго этого рода, принято употреблять въ торговлѣ не менѣе семидесяти различныхъ терминовъ. Приводимъ здѣсь только главные изъ нихъ, могущіе представлять интересъ для русскаго импортера угля англійскаго происхожденія.

Steam Coal.—Паровой уголь, называемый въ Россіи **машиннымъ углемъ.**—Это по большей части просѣянный уголь (screened coal), отправляемый въ Россію обыкновенно подъ названіемъ Hartley. Въ непросѣянномъ состояніи (un-screened) этотъ уголь примѣняется также для пароходовъ, подъ названіемъ „bunker coal“.

Manufacturing Coal.—**Промышленный уголь.**—Главныя разновидности этого угля слѣдующія:—

Treble-screened Nut Coal, или Cobbles: Трижды просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями при просѣиваніи 2–2½ дюйма).

Double-screened Nut Coal: Дважды просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями 1–1¾ дюйма).

Single-screened Nut Coal: Одинъ разъ просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями ⅞–1 дюйма).

Rough Small: Крупная мелочь (разстояніе между прутьями и петлями ⅝–¾ дюйма).

Peas: Уголь кусками въ горошину (разстояніе между прутьями и петлями ¼–¾ дюйма).

Duff: Мелочь (остальное).

House Coal.—**Домашній уголь.**—Этотъ уголь нерѣдко продается подъ названіемъ „Wallsend", которое, благодаря знаменитой угольной копи въ округѣ Northumberland, сдѣлалось весьма распространеннымъ терминомъ для обозначенія англійскаго домашняго угля.

Gas Coal.—**Газовый уголь.**—Уголь этотъ чернаго цвѣта, блестящій, ломкій; идетъ также въ качествѣ машиннаго угля.

Smithy Coal.—**Кузнечный уголь.**—Это жирный, спекающійся уголь; горитъ яркимъ пламенемъ и не годится для топки паровыхъ котловъ.

Cannel или **Parrot Coal.**—(Послѣднее названіе, обозначающее „уголь попугая" или „болтуна", примѣняется въ Шотландіи и, по всей вѣроятности, дано въ виду часто повторяющагося треска, который слышится при горѣніи этого угля). Отличается большимъ разнообразіемъ по наружному виду, въ зависимости отъ мѣстности, гдѣ добывается; чаще всего матоваго цвѣта; горитъ свободно длиннымъ пламенемъ и содержитъ значительный процентъ золы.

Splint или **Hard Coal.**—**Сплинтъ** или **твердый уголь.**—Одинъ изъ весьма распространенныхъ въ Шотландіи сортовъ угля; часто называется также „**block-coal**". Имѣетъ большое значеніе въ мѣстной промышленности, такъ какъ можетъ быть примѣняемъ въ литейномъ дѣлѣ безъ предварительнаго подверганія коксованію.

Coking Coal.—**Коксовый уголь.**—Этотъ уголь мало пригоденъ для полученія пара, даетъ также мало газа, но много плотнаго кокса. Большіе куски лучшихъ сортовъ идутъ также въ качествѣ домашняго угля. Горитъ короткимъ пламенемъ и загорается труднѣе длиннопламенныхъ углей.

Cherry или **Soft Coal.**—**Мягкій уголь.**—Имѣетъ чудный блескъ, загорается легко, горитъ прекраснымъ пламенемъ и обладаетъ значительной теплопроизводительностью. Добывается въ большомъ размѣрѣ въ Стаффордширѣ.

Ньюкэстльскій, іоркширскій и шотландскій уголь.

О кардифскомъ углѣ можно сказать, что онъ стоитъ внѣ конкуренціи, но въ Россію онъ идетъ мало, гдѣ наичаще встрѣчается уголь ньюкэстльскій, іоркширскій и шотландскій.

Подъ названіемъ „**ньюкэстльскаго**" получается въ Россіи уголь, добываемый въ округахъ Durham и Northumberland и вывозимый не только черезъ Ньюкэстль, но и черезъ другіе порты на восточномъ берегу Англіи. Вышеупомянутые округа поставляютъ машинный и промышленный уголь, а также домашній уголь прекраснаго качества. Вывозъ въ Россію обставленъ такимъ образомъ, что крупные ньюкэстльскіе углеторговцы закупаютъ уголь отъ копей и затѣмъ продаютъ его углеторговцамъ въ Россіи, отпускающимъ его русскимъ потребителямъ топлива.

Такъ называемый **іоркширскій** уголь, ввозимый въ порты Балтійскаго моря для надобностей фабрично-заводской промышленности, идетъ изъ трехъ угольныхъ раіоновъ: Derbyshire, South Yorkshire и West Yorkshire. Этотъ уголь болѣе краткопламенный и менѣе жирный, чѣмъ ньюкэстльскій и не такъ легко спекается.

Изъ **Шотландскаго** угля въ Россіи, въ особенности же на рижскомъ рынкѣ, широко распространенъ тощій, длиннопламенный, не спекающійся машинный уголь марки Watson Hartley. Другія шотландскія марки, какъ-то: „Aitken's Navigation Steam Coal," „Greencraig Navigation Steam Coal" и пр. пользуются также обширною извѣстностью.

Англійское рыбное хозяйство и экспортъ въ Россію.

Наличность длинной, изрѣзанной береговой линіи морей, омывающихъ берега острова Великобританіи (Англія, Вельсъ и Шотландія), и богатыхъ промысловой рыбой, вызвала здѣсь значительное развитіе рыбнаго промысла и поставила его на одинаковую ступень съ тѣми главными отраслями народнаго хозяйства, которыя полное господство Англіи на міровомъ рынкѣ.

Ежегодный уловъ рыбы въ главныхъ странахъ занимающихся рыбнымъ промысломъ, по новѣйшимъ доступнымъ намъ даннымъ ("The Fish Trades Gazette"), въ отношеніи цѣнности, выражается въ слѣдующихъ цифрахъ:

Соединенное Королевство (Англія, Вельсъ, Шотландія и Ирландія)	11,777,000	ф. стерл.	(въ 1907 г.)
С.-Амер. Соедин. Штаты	11,507,000	,,	(1902–6)
Россія ("Atlas of the World's Commerce," by Bartholomew, London)	8,000,000	,,	
Франція	5,678,000	,,	
Японія	5,581,000	,,	
Канада	5,241,000	,,	(въ 1907 г.)
Норвегія	2,765,000	,,	
Германія	1,331,000	,,	

Почти во всѣхъ этихъ странахъ отмѣчается постоянный ежегодный ростъ добычи рыбы. Въ Великобританіи увеличеніе за послѣдніе 18 лѣтъ выразилось приблизительно въ 60% по вѣсу и 65% по цѣнности.

Согласно закону о производствѣ морского рыбнаго промысла (Sea-fisheries Acts), изд. 1868 и 1883 г., и заключеннымъ между Англіей и другими европейскими державами конвенціямъ, ловъ рыбы въ прибрежной морской полосѣ, на разстояніи 3 англ. миль отъ берега, разрѣшается только подданнымъ соотвѣтственнаго государства.

Съ 1886 г. главное завѣдываніе рыбнымъ промысломъ въ Англіи и Вельсѣ возложено на министерство торговли (Board of

Trade), которое назначаетъ трехъ инспекторовъ—двухъ для завѣдываиія прѣсноводнымъ рыбнымъ промысломъ, и одного для завѣдыванія морскимъ рыбнымъ промысломъ.

Въ Шотландіи главный надзоръ за производствомъ рыбнаго промысла ввѣренъ особому управленію, "The Fishery Board for Scotland," въ г. Эдиндбургѣ. Для административныхъ цѣлей прибрежье Шотландіи раздѣлено на 26 промысловыхъ раіоновъ, изъ которыхъ 17 находятся на восточномъ и 9 на западномъ прибрежьи.

Изъ всѣхъ рыбныхъ продуктовъ, поставляемыхъ Великобританіей на международный рынокъ, главное и при томъ весьма важное значеніе имѣетъ соленая сельдь.

Каждое лѣто къ берегамъ Великобританіи прибываютъ несмѣтныя количества сельдей для нереста, когда и производится главный ловъ этой рыбы. Время нереста находится въ зависимости отъ географической широты промысловаго раіона. Около Вика (Wick, на восточномъ берегу сѣверной части Шотландіи) оно бываетъ въ іюнѣ и іюлѣ, у Петергэда (Peterhead) и Абердина (Aberdeen)—въ іюлѣ и августѣ, у Ярмута (Yarmouth)—въ августѣ и сентябрѣ, около береговъ Кента—въ сентябрѣ и октябрѣ, на южномъ берегу Англіи—въ январѣ.

Цѣна на ввозную сельдь (свѣжую, принимаемую отъ рыбаковъ) въ 1890 г. равнялась около 5 шиллинговъ (1 шилл. = 47 коп.) за центвайтъ (1 центвайтъ или англійскій центнеръ = около 3 пуд.), при чемъ она оставалась приблизительно на этомъ же уровнѣ въ продолженіе 15 лѣтъ, но къ 1904 г. она понизилась до цѣны, близкой къ 4 шиллингамъ.

По даннымъ журнала "Mitteilungen des Deutschen Seefischerei-Vereins", въ 1910 г. въ Россію ввезено моремъ изъ Англіи слѣдующее количество соленыхъ сельдей:

Портъ ввоза.		
Балтійскій портъ	6,206	боченковъ
Ревель	8,248	,,
Рига	86,431	,,
С.-Петербургъ	303,566	,,
Либава	489,132	,,

Однако при этомъ слѣдуетъ имѣть въ виду, что значительное количество сельдей ввозится въ Россію и черезъ сухопутную границу.

BLACK'S

Commercial Directory

OF

BRITISH AND RUSSIAN

MANUFACTURERS, EXPORTERS,

IMPORTERS, Etc.

1914.

Edited and Published by

L. BLACK & CO., 4, Eastcheap,

London, E.C.

INTRODUCTION.

The principal object of the Publishers of this book is to provide Traders of the British Empire and Foreign Countries with an abbreviated Directory of the most important British and Foreign Manufacturers, Exporters, Importers, etc.

Our first issue is a special Anglo-Russian Edition, printed in English and Russian, as we know that English goods are in great demand in Russia, and that Russian Traders are very anxious to enter into direct communication with English firms.

In addition to Names and Addresses of British and Russian firms, our publication contains Sections dealing with English and Russian Trade Statistics, Customs Tariff, Commercial Law in Russia, Post Office Regulations, Guide for Travellers to Russia, etc., etc. (see Contents pages).

Further editions containing more complete Directory and fuller information will be issued in the future.

The information in the Directory has been obtained from official sources and is therefore reliable.

RUSSIAN CHAMBER OF EXPORT.

Office: S. Petersburg, Newsky, 92.

SAMPLES' MUSEUM & COMMERCIAL AGENCY.

With the object of organising a practical and efficient assistance to the export of Russian products and manufactured goods the Committee of the Russian Chamber of Export has decided to form at the Chamber a "Samples' Museum & Commercial Agency" on the line of similar institutions in Western Europe which render most valuable services to the export trade.

The Museum will have the character of a permanent exposition of samples of different products of rural and other industries and manufactured goods, and thereto may apply every merchant or industrial wishing to advertise his goods or manufactures in the capital of the Empire, which presents a centre mostly visited by foreigners who arrive mainly for financial and trade purposes. In addition to this the Chamber is widely advertising abroad the inauguration of the "Samples' Museum" which is the first institution of this kind in the Empire, and this advertisement will largely contribute to attract foreign buyers interested in the exportation of products of Russian rural and industrial riches.

The Administration of the Museum will also advertise the samples received from the Members of the Chamber free of charge in the "Russian Export Journal," published by the Chamber.

From above it follows that the Museum will not only be a place for exhibiting samples, but, in addition, a collective Export and Import Office, where every producer or industrial, or owner of any rural or mining property, wishing to draw thereto the attention of the foreign commercial and financial circles, will have on the main street of the capital (Nevsky persp., 92) his own small office and representation for a minimum charge. Full particulars sent on application.

Area and Population.

	Square Miles.	Population (1910).
Russia in Europe	1,909,519	
Russia in Asia	5,979,940	
Total	7,889,459	167,034,000

Productions.

The principal source of wealth in Russia is agriculture, and the volume of trade depends mainly upon the success of the crops. The mineral resources of Russia, although of great value, are only slightly developed, notwithstanding the fact that heavy import duties are imposed on all minerals imported. The principal districts where minerals are found are Siberia, the Ural Mountains, the Caucasus and Poland. Near the Sea of Azov and in Poland coal and iron are found, and in recent years have been increasingly produced. Iron is found in the Ural Mountains, but it is difficult to obtain, as very little fuel is to be procured in the vicinity. The development of the Ural iron mines would be very difficult on account of their remoteness from any industrial markets.

The south of Russia is devoted almost entirely to agriculture, vast quantities of wheat and fruits being produced. The vineyards of the south are extremely prolific, and the wine industry of the Crimea and the Caucasus is increasing rapidly.

Oil is produced in the district around Baku in enormous quantities, the yearly output approaching 2,200,000,000 gallons. The greater portion of this is conveyed to Batoum by pipe-line. Batoum and Astrachan are the principal towns engaged in the export of oil.

COMMERCIAL LAW IN RUSSIA.

---*---

POSITION OF FOREIGNERS WITH REGARD TO INDUSTRIES.

No. 1.—ALCOHOLIC LIQUORS.

The chief excise officer grants licences for the manufacture and sale of alcoholic liquors. Applications for licences must be accompanied by a trade certificate and by the written sanction of the local authority.

Distillers are limited as regards the amount of spirit they may produce.

The sale of spirits is a monopoly of the Government, who buy $\frac{2}{3}$ of the consumption of the district from the local distilleries, while the remainder is bought at auction, or made in Government distilleries.

Spirits are sold in shops managed by the Government, or in specially licensed premises.

No. 2.—BOOKS.

Foreigners desirous of establishing printing works of any kind, libraries, reading rooms, etc., must obtain a special licence, in St Petersburg from the Prefect of Police; in Moscow from the Governor General; and elsewhere from the Governor.

The application for a licence must contain the trade certificate and a statement of the number and size of the printing presses it is proposed shall be used.

All literature and works of art imported into Russia, after paying import duties, are passed through the hands of the Censor.

3.—MANUFACTURING AND METAL INDUSTRIES.

Before founding factories permission to do so must be obtained from:—

(a) The local authority, whose sanction must be sent to
(b) The Minister of Finance.

No munitions of war (ordnance, small arms, explosives, etc.), or playing cards can be manufactured by foreigners in Russia.

No. 4.—MATCHES.

There are no restrictions on the manufacture or sale of matches.

The duties payable are:—

1. Patent duties (on the excise licence):
   - (a) 50 roubles per annum in hand factories.
   - (b) 100 roubles per annum in horse factories.
   - (c) 150 roubles per annum in steam factories.
2. Excise duties:
   - (a) Safety matches of home-manufacture pay one-quarter copek on each 75 matches (or part) contained in one box.
   - (b) Safety matches imported pay double the above duty.
   - (c) All other matches manufactured in Russia pay double the amounts in (a) and four times that amount if imported.

No. 5.—MINING.

Foreigners are prohibited from mining in the following districts except by permission of the Minister of Agriculture:—
(a) The Chinese borders of Siberia.
(b) The islands of Saghalien.
(c) The maritime regions.
(d) The Yenisei territory.

Since May, 1887, no foreigners may acquire land for mining purposes in Poland; and in Turkestan mining is forbidden to foreigners.

Gold mining is prohibited within any district less than 66⅓ miles from the Pacific coast, and in the islands of Saghalien.

No. 6.—PETROLEUM.

To engage in this industry in the Caucasus foreigners must obtain permission from
(a) The Governor-General of the Caucasus.
(b) The Minister of Agriculture.

Foreigners may not engage in this industry in
(a) The Maritime regions.
(b) The islands of Saghalien.

No. 7.—SALT.

Foreigners are under no restrictions as regards the manufacture and sale of Russian salt.

Foreign salt, with the exception of that imported into the ports of the Mourman coast (Archangel) and Kola, has to pay import duty.

Importation of salt via the Black Sea, Sea of Azov and Trans-Caucasia is prohibited.

No. 8.—SUGAR.

There are no restrictions on the manufacture or sale of sugar.

Two duties are payable:—

1. That on the excise licence: 5 roubles on each thousand poods.

Bills of Exchange.

—*—

Two kinds of bills are in force in Russia:—

1. Ordinary Bills of Exchange (prostoi veksel), similar to English Promissory Notes.
2. Drafts (perevodni veksel), similar to English Bills of Exchange.

Bills of Exchange must fulfil the following conditions:—

1. The exact date when the bill was drawn must be clearly stated.
2. The words "Bill of Exchange" (veksel) must be used. Should a foreign language be used, the words "Bill of Exchange" must be translated into that language.
3. In ordinary bills it must be clearly shown that the drawer pledges himself to pay in accordance with the terms set forth in the bill.
4. The name of the payee or payees must be shown.
5. In drafts the name of the drawer, together with his residence or the place of payment must be given.
6. The document must show the amount to be paid and the date of payment.
7. The bill must contain the signature of the drawer.
8. Stamped forms (Inland Revenue) must be used for all bills.

No additions or deviations from the above conditions are allowed. Should any be made the document is not legal.

Bills of Exchange drawn in other countries and complying with the laws of those countries, are legal in Russia.

TRANSFER OF BILLS.

1. Bills are transferred by endorsement.
2. An endorser, if residing out of Russia, must comply with the law of the country in which the endorsement is made.
3. Bills may be retransferred by original endorser.

HOLDERS OF BILLS.

A holder's title to a bill is valid unless it can be proved that to his knowledge the bill had passed out of the previous holder's hands against his will.

ACCEPTANCE OF BILLS.

An acceptor may accept the bill for the full amount or in part. He may name a special payer and place of payment. The acceptor must pay whether he accepts before or after date of payment.

The acceptance may take the form of an endorsement by the acceptor, or simply his signature on the face of the bill.

If the bill be not fully accepted within twenty-four hours after presentation the holder has the right to protest it.

SURETIES.

The payment of the full amount of the bill may be guaranteed by sureties. An endorsement to this effect must be signed by the sureties.

LIABILITIES OF PARTIES.

1. The drawer of a bill is liable for payment, and he cannot question validity of endorsements.
2. Should a bill be dishonoured the holder may sue any or all of the persons liable.
3. Invalidity of one signature does not invalidate the other parties from liability.

PROTEST.

Protest must be made when bills are not paid upon presentation. Should protest not be made all liability of the endorsers ceases, and drawer only is liable for payment of amount due, together with 6 per cent. interest yearly after date of proceedings.

A deed of protest must be drawn up within twenty-four hours of the protest being made and must contain:—

1. An exact copy of bill as it appears on day of protest.
2. The names of the plaintiff and defendant.
3. A statement that a demand for payment was made by a notary, or a statement of the reason why no demand was made.
4. The answer to the above demand, or that no answer was given.
5. The exact date and place where demand was made, or it appeared could not be made.
6. Exact date of protest.
7. Signature and seal of notary.

The protestor may claim from the parties liable:—

1. The sum due, together with 6 per cent. interest per annum; such interest to be calculated from the day of maturity.
2. All expenses of the protest.
3. Compensation of ¼ per cent. of the amount due.

The endorser, after paying the bill, may claim from the drawer, acceptor, or prior party:—

1. The sum he had to pay, plus 6 per cent. interest per annum,
2. Compensation of ¼ per cent. on the said sum.

When judgment has been given, no delay in payment is allowed.
In case of bankruptcy the protestor is a privileged creditor.
The plaintiff can demand from the defendant a deposit for costs.

LOST BILLS.

A person who loses a bill may apply to the Court for an order stopping payment of the same.

TRADE MARKS AND PATENTS.

British subjects, who have applied in due form in England for

(a) A certificate to a trade mark, shall have during the four months immediately following the date of application a preferential right to receive such certificate in Russia in accordance with Article 161, Section 4, of the Industrial Law.

Guide for Travellers to Russia.

(Extracted from the Regulations issued by the Russian Authorities).

—*—

PASSPORTS.

1. Passports must be obtained by travellers from their respective Governments, and must bear the visa of a Russian Consul or Diplomatic Officer. The Consular Fee is 4s. 10d.

2. The traveller must state his religion when applying for the visa.

3. All documents must be forwarded in duplicate to the Consulate-General.

4. Passports are valid for a visit of 6 months. At the end of that period a billet de séjour must be applied for at the Prefecture of St. Petersburg, or at the Chancery of a Provincial Governor. The billet de séjour must be presented at once to the local police for visa and must be renewed annually. The cost of this document varies from 7.15 roubles to 1.29 roubles.

5. Travellers returning from Russia must obtain police authorization to leave. For the first visit this costs 75 cop., for further visits the cost is 6.50 roubles. The billet de séjour must be surrendered and the passport will then be returned.

6. Travellers passing through Russia without a break of journey at any place within the Empire the passport may have the visa "to travel through Russia," which will enable the traveller to dispense with any further formalities when entering and leaving Russia.

7. Foreign Office passports must be applied for on the special forms issued by the Foreign Office Passport Department. Passports are issued on the day following receipt of application.

8. Foreign Office Passports are issued only to British subjects:—

(a) Natural-born British subjects and persons naturalized in the United Kingdom must make a declaration and have it verified by a British bank, or by a mayor, magistrate, justice of the peace, minister of religion, barrister, physician, surgeon, solicitor or notary.

(b) Persons naturalized in any British Colony must produce a letter of recommendation from the Colonial Office.

(c) Natives of British India and Naturalized subjects from India must produce a letter of recommendation from the India Office.

(d) Naturalized British subjects must forward their certificates of naturalization with the application for a passport. If living in London or in the suburbs they must apply personally.

9. Foreign Office passports are valid for five years, at the expiration of which period they must be renewed.

10. Foreign Office passports must be signed by the holders.

RUSSIAN CENTRAL ASIA.

Travellers proceeding to the Russian possessions in Central Asia must obtain permission from the Russian Imperial Government, through the Representative of their respective countries in St. Petersburg. Should travellers proceed to Central Asia without this permission they will not be allowed to continue their journey, and no responsibility will be accepted by the Imperial Government for losses or delays caused by such action.

Application for permission to travel in Central Asia must be made at least three weeks before the traveller arrives in that region.

LETTERS OF CREDIT, Etc.

1. Letters of Credit and Drafts payable in Russia may be obtained from foreign bankers in London. They must be stamped with Russian bill stamps.

2. Circular notes are issued by most London bankers. A letter accompanies the note and indicates the name of the correspondent. This must be produced at the time of payment.

3. A supply of Russian currency should be obtained before leaving England as loss is often incurred when English money is changed abroad.

CUSTOMS REGULATIONS.

1. Travellers to Russia must undergo the Customs examination on the frontier.

2. Travellers leaving Russia are examined only when they are suspected of carrying dutiable articles, or articles forbidden to be exported.

3. Playing cards and lottery tickets (unless issued by a foreign State) are refused entry.

4. As a rule, articles in actual use by the passenger are admitted duty free, unless an unreasonable quantity is carried.

5. Should duty be claimed on passenger's luggage, the passenger has the option of sending the articles back if he does not wish to pay duty. Duty under the amount of three roubles is not collected.

REGULATIONS FOR COMMERCIAL TRAVELLERS IN RUSSIA.

Commercial travellers arriving in Russia for purposes of trade must provide themselves with a " certificate of license to trade " (carte de légitimation), issued by the Chambers of Commerce of their respective countries, and with a letter of authority, on presentation of which, to the Customs Authority on the Russian frontier, a trading certificate, costing 150 roubles (£15 16s. 7d.), will be issued entitling the firm they represent to trade in Russia.

A personal license must also be taken out by the traveller at a cost of 50 roubles (£5 5s. 6d.), unless the trading certificate is taken out in the name of the traveller, in which case the personal license is not necessary.

The trading certificate, when taken out by the firm, entitles them to employ any number of travellers, each of whom must have a personal license.

The validity of both the above certificates terminates on January 1st of each year, and if issued during the second half of the year one half of the fees only are payable.

Provincial dues, amounting to 15 per cent. and 10 per cent. on the above charges respectively, are also charged, as well as town dues (which vary in amount and are not everywhere leviable).

TABLE OF CHARGES.

	Crown Tax.	Provincial Dues.	Town Dues.
Trade Certificate	150 roubles.	15 per cent.	15 per cent.
Personal License	50 roubles.	10 per cent.	10 per cent.

It is important to note that travellers who visit Russia solely to purchase goods need not take out a Trade Certificate, and pay no rates or taxes.

TRAVELLERS' SAMPLES.

Samples are recognised as such only when brought by the commercial traveller, and when a declaration is made that the samples will be re-exported.

Samples of commercial value are dutiable. At the customs examination they are sealed and if still sealed when re-exported at any port the duty is refunded. Special permission for re-exportation must be obtained from the Minister of Customs, who may fix a period of not more than 12 months within which such re-exportation must take place.

Samples of no commercial value are not dutiable.

Travellers accompanied by cases, etc., of samples must deposit a guarantee in full for the duty chargeable.

Luggage to the extent of 36 lbs. (1 pood), is carried free on the railways when accompanied by the traveller. Any excess weight is charged at the ordinary rates.

FINLAND.

No trading or personal certificate is necessary in Finland, nor are taxes of any kind payable.

Travellers must be provided with a carte de légitimation as in Russia and must personally attend the customs examination of their samples.

SAMPLES.

The regulations for entry and re-exportation of samples are similar to those in Russia except as follows:—

The period for re-exportation of samples is 6 months.

The traveller may pay the duty at the time of entry, in which case he must, at the time of re-exportation, return the list of samples to the customs house which issued it, or he may offer a guarantee for such payment. In the latter case three citizens must guarantee payment of duty, and a certification of such guarantee may be required from a Crown official.

INLAND REVENUE DUTIES.

Estate Duty—All property, settled or unsettled, passing by the death of a person dying since 1st August, 1894 (so far as not specially exempted under the provisions of the Finance Acts), is liable to Estate Duty, and, for the purpose of determining the rate of such duty, has to be aggregated so as to form one "estate."

In the case of persons dying on or after the 30th April, 1909, the rates of Estate Duty are according to the following scale. [*See* Finance (1909-10) Act, 1910, s. 54 and the second schedule to that Act.]

The above general rule for aggregation is subject to certain qualifications. The principal qualifying provision is as follows:—

Where settled property passes on the death of a person dying on or after 19th April, 1907, under a disposition made by a person dying *before* 2nd August, 1894, and such property would, if the disponer had died on or after 2nd August, 1894, have been liable to Estate Duty upon his death, it is not to be aggregated with other property, but is to be treated as an "estate by itself."

Note.—Under the Act (63 Vict., c. 7) in force immediately prior to the Finance Act, 1907, such property would have been liable to aggregation with other property so as to enhance the rate of duty payable, where the value of the estate required it, to the limited extent of one half per cent.

In addition to the above, where property liable to Estate Duty is settled by the will of the deceased, or having been settled by some other disposition, passes under that disposition, on the death of the deceased, to some person not competent to dispose thereof, a further duty—called Settlement Estate Duty—is payable at the rate of £1 per cent. on the settled property, but from that payment the *ad val.* Stamp Duty (if any) charged on the settlement may be deducted.

In the case of persons dying on or after the 30th April, 1909, the rate of Settlement Estate Duty leviable in respect of settled property is 2 per cent. Finance (1909–10) Act, 1910, s. 54.

Small Estates—(i.) If the net value of the property, real and personal, passing on the deceased's death (exclusive of property settled by any prior disposition) does not exceed £1,000, such property is exempt from Settlement Estate Duty, and from Legacy or Succession Duties. (ii.) And where the gross value of the unsettled property passing on the deceased's death does not exceed £300 or £500 respectively, and a grant of probate or administration is taken out in a certain special manner, a fixed Duty of 30/– or

50/- is payable, and such estate is exempt from all other Death Duties.

With respect to Personal Estate, interest at 3 per cent. per annum, without deduction for Income Tax, is also payable on the Estate Duty from the date of the death up to the date of the delivery of the affidavit.

The Estate Duty on real property may be paid, if desired, by eight yearly or sixteen half-yearly instalments, the first at the expiration of 12 months from the death, with interest at 3 per cent. per annum from the last-mentioned date on the duty for the time being unpaid.

Legacy and Succession Duties—Also see "Estate Duty."

Rates of Duty payable on Legacies, Annuities and Residues. Children of the Deceased, or their Descendants, or the Father or Mother or other Lineal Ancestor of the Deceased, £1 per cent.*; Brothers and Sisters of the Deceased, or their Descendants, £3 per cent.; Brothers and Sisters of the Father or Mother of the Deceased, or their Descendants, £5 per cent.; Brothers and Sisters of a Grandfather or Grandmother of the Deceased, or their Descendants, £6 per cent.; Persons in any other degree of collateral Consanguinity, or Strangers in Blood to the Deceased, £10 per cent. The Husband or Wife of the Deceased is not chargeable with Duty. A Legatee, whose Husband or Wife is of nearer Relationship to the Deceased, is chargeable with Duty at the rate at which such Husband or Wife would be chargeable. Relations of the Husband or Wife of the Deceased are chargeable with Duty at £10 per cent. unless themselves related in Blood to the Deceased. Appraisements or Valuations of any Property made for the purpose of ascertaining the Legacy Duty payable in respect thereof are exempt from Stamp Duty.

Rates of Duty payable on Successions to Real and Personal Property, Charges on Real Property, and Money from the Sale of Real Property:—Lineal Issue or Lineal Ancestor of the Predecessor,† £1 10s. per cent.; Brothers and Sisters of the Predecessor, or their Descendants, £4 10s. per cent.; Brothers and Sisters of the Father or Mother of the Predecessor, or their Descendants, £6 10s. per cent.; Brothers and Sisters of a Grandfather or Grandmother of the Predecessor, or their Descendants, £7 10s. per cent.; Persons of more remote Consanguinity or Strangers in Blood, £11 10s. per cent. * Persons otherwise chargeable with Duty at the rate of one per cent. are exempt in respect of any Legacy, Residue, or share of Residue, payable out of, or consisting of, any Estate or Effects, upon the value thereof Duty shall have been paid on the Affidavit or Inventory, in conformity with the Act 44 Vict., c. 12, or in respect of any property taken by them on which Estate Duty is payable.

† Per Section 2 of the Succession Duty Act, 1853, the term "Predecessor" denotes the "Settlor, Disponer, Testator, Obligor, Ancestor, or other person from whom the interest of the Successor is or shall be derived."

Husband or Wife is of nearer Relationship to the Predecessor is chargeable with Duty at the rate at which such Husband or Wife would be chargeable. The Relations of the Husband or Wife of the Predecessor are chargeable with Duty as Strangers, unless themselves related in Blood to the Predecessor.

If the property which is the subject of the succession is chargeable with Estate Duty, the rates for Legacy and Succession Duty are identical. Moreover, where the Successor is lineal issue or ancestor (or husband or wife of lineal issue or ancestor) of the predecessor, the payment of Estate Duty under the title under which the Succession is derived wholly relieves such Succession from Succession Duty.

In the case of persons dying on or after the 30th April, 1909:—

Каменный Уголь.

Общая номенклатура встрѣчающихся въ торговлѣ англійскихъ углей.

Какъ извѣстно, каменный уголь раздѣляются на два главныхъ разряда, а именно: **антрацитъ** (anthracite) и **битуминозные угли** (bituminous coal).

Антрацитъ, называемый въ Англіи также stone coal (= **каменный** уголь), чернаго цвѣта, имѣетъ особый, съ радужными оттѣнками, металлическій блескъ, не легко загорается и горитъ почти безъ запаха, дыма или пламени (почему его иногда и называютъ „blind coal" т.е. „слѣпой" уголь). Онъ часто содержитъ до 94, и если исключимъ золу, то до 98 процентовъ углерода. По мѣрѣ уменьшенія процентнаго содержанія этого элемента, антрацитъ постепенно переходитъ въ битуминозный уголь. Однако слѣдуетъ имѣть въ виду, что названіе „антрацитъ" иногда примѣняется даже къ углямъ, содержащимъ не болѣе 80 процентовъ углерода.

Для обозначенія антрацита въ Англіи иногда употребляются также названія „glance coal" (глянцевитый уголь), „culm" и „Welsh coal" (вельскій уголь). Вывозится онъ главнымъ образомъ черезъ Кардифъ и примѣняется чаще всего при обжиганіи извести и кирпичей, выплавкѣ желѣза и другихъ металловъ, для образованія пара и пр.

Число разновидностей **битуминознаго** угля въ Великобританіи настолько значительно, что, по свѣдѣніямъ англійскаго адмиралтейства для обозначенія привозимаго въ одинъ Лондонъ горючаго этого рода, принято употреблять въ торговлѣ не менѣе семидесяти различныхъ терминовъ. Приводимъ здѣсь только главные изъ нихъ, могущіе представлять интересъ для русскаго импортера угля англійскаго происхожденія.

Steam Coal.—Паровой уголь, называемый въ Россіи **машиннымъ углемъ.**—Это по большей части просѣянный уголь (screened coal), отправляемый въ Россію обыкновенно подъ названіемъ Hartley. Въ непросѣянномъ состояніи (un-screened) этотъ уголь примѣняется также для пароходовъ, подъ названіемъ „bunker coal".

Manufacturing Coal.—**Промышленный уголь.**—Главныя разновидности этого угля слѣдующія:—

Treble-screened Nut Coal, или Cobbles: Трижды просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями при просѣиваніи 2–2½ дюйма).

Double-screened Nut Coal: Дважды просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями 1–1¾ дюйма).

Single-screened Nut Coal: Одинъ разъ просѣянный уголь, кусками величиной въ орѣхъ (разстояніе между прутьями и петлями ⅞–1 дюйма).

Rough Small: Крупная мелочь (разстояніе между прутьями и петлями ⅝–¾ дюйма).

Peas: Уголь кусками въ горошину (разстояніе между прутьями и петлями ¼–¾ дюйма).

Duff: Мелочь (остальное).

House Coal.—**Домашній уголь.**—Этотъ уголь нерѣдко продается подъ названіемъ „Wallsend", которое, благодаря знаменитой угольной копи въ округѣ Northumberland, сдѣлалось весьма распространеннымъ терминомъ для обозначенія англійскаго домашняго угля.

Gas Coal.—**Газовый уголь.**—Уголь этотъ чернаго цвѣта, блестящій, ломкій; идетъ также въ качествѣ машиннаго угля.

Smithy Coal.—**Кузнечный уголь.**—Это жирный, спекающійся уголь; горитъ яркимъ пламенемъ и не годится для топки паровыхъ котловъ.

Cannel или **Parrot Coal.**—(Послѣднее названіе, обозначающее „уголь попугая" или „болтуна", примѣняется въ Шотландіи и, по всей вѣроятности, дано въ виду часто повторяющагося треска, который слышится при горѣніи этого угля). Отличается большимъ разнообразіемъ по наружному виду, въ зависимости отъ мѣстности, гдѣ добывается; чаще всего матоваго цвѣта; горитъ свободно длиннымъ пламенемъ и содержитъ значительный процентъ золы.

Splint или **Hard Coal.**—**Сплинтъ** или **твердый уголь.**—Одинъ изъ весьма распространенныхъ въ Шотландіи сортовъ угля; часто называется также „**block-coal**". Имѣетъ большое значеніе въ мѣстной промышленности, такъ какъ можетъ быть примѣняемъ въ литейномъ дѣлѣ безъ предварительнаго подверганія коксованію.

Coking Coal.— **Коксовый уголь.**—Этотъ уголь мало пригоденъ для полученія пара, даетъ также мало газа, но много плотнаго кокса. Большіе куски лучшихъ сортовъ идутъ также въ качествѣ домашняго угля. Горитъ короткимъ пламенемъ и загорается труднѣе длиннопламенныхъ углей.

Cherry или **Soft Coal.**— **Мягкій уголь.**— Имѣетъ чудный блескъ, загорается легко, горитъ прекраснымъ пламенемъ и обладаетъ значительной теплопроизводительностью. Добывается въ большомъ размѣрѣ въ Стаффордширѣ.

Ньюкэстльскій, іоркширскій и шотландскій уголь.

О кардифскомъ углѣ можно сказать, что онъ стоитъ внѣ конкуренціи, но въ Россію онъ идетъ мало, гдѣ наичаще встрѣчается уголь ньюкэстльскій, іоркширскій и шотландскій.

Подъ названіемъ „**ньюкэстльскаго**“ получается въ Россіи уголь, добываемый въ округахъ Durham и Northumberland и вывозимый не только черезъ Ньюкэстль, но и черезъ другіе порты на восточномъ берегу Англіи. Вышеупомянутые округа поставляютъ машинный и промышленный уголь, а также домашній уголь прекраснаго качества. Вывозъ въ Россію обставленъ такимъ образомъ, что крупные ньюкэстльскіе углеторговцы закупаютъ уголь отъ копей и затѣмъ продаютъ его углеторговцамъ въ Россіи, отпускающимъ его русскимъ потребителямъ топлива.

Такъ называемый **іоркширскій** уголь, ввозимый въ порты Балтійскаго моря для надобностей фабрично-заводской промышленности, идетъ изъ трехъ угольныхъ раіоновъ: Derbyshire, South Yorkshire и West Yorkshire. Этотъ уголь болѣе краткопламенный и менѣе жирный, чѣмъ ньюкэстльскій и не такъ легко спекается.

Изъ **Шотландскаго** угля въ Россіи, въ особенности же на рижскомъ рынкѣ, широко распространенъ тощій, длиннопламенный, не спекающійся машинный уголь марки Watson Hartley. Другія шотландскія марки, какъ-то: „Aitken's Navigation Steam Coal,“ „Greencraig Navigation Steam Coal“ и пр. пользуются также обширною извѣстностью.

Англійское рыбное хозяйство и экспортъ въ Россію.

Наличность длинной, изрѣзанной береговой линіи морей, омывающихъ берега острова Великобританіи (Англія, Вельсъ и Шотландія), и богатыхъ промысловой рыбой, вызвала здѣсь значительное развитіе рыбнаго промысла и поставила его на одинаковую ступень съ тѣми главными отраслями народнаго хозяйства, которыя полное господство Англіи на міровомъ рынкѣ.

Ежегодный уловъ рыбы въ главныхъ странахъ занимающихся рыбнымъ промысломъ, по новѣйшимъ доступнымъ намъ даннымъ ("The Fish Trades Gazette"), въ отношеніи цѣнности, выражается въ слѣдующихъ цифрахъ:

Соединенное Королевство (Англія, Вельсъ, Шотландія и Ирландія)	11,777,000	ф. стерл.	(въ 1907 г.)
С.-Амер. Соедин. Штаты	11,507,000	,,	(1902–6)
Россія ("Atlas of the World's Commerce," by Bartholomew, London)	8,000,000	,,	
Франція	5,678,000	,,	
Японія	5,581,000	,,	
Канада	5,241,000	,,	(въ 1907 г.)
Норвегія	2,765,000	,,	
Германія	1,331,000	,,	

Почти во всѣхъ этихъ странахъ отмѣчается постоянный ежегодный ростъ добычи рыбы. Въ Великобританіи увеличеніе за послѣдніе 18 лѣтъ выразилось приблизительно въ 60% по вѣсу и 65% по цѣнности.

Согласно закону о производствѣ морского рыбнаго промысла (Sea-fisheries Acts), изд. 1868 и 1883 г., и заключеннымъ между Англіей и другими европейскими державами конвенціямъ, ловъ рыбы въ прибрежной морской полосѣ, на разстояніи 3 англ. миль отъ берега, разрѣшается только подданнымъ соотвѣтственнаго государства.

Съ 1886 г. главное завѣдываніе рыбнымъ промысломъ въ Англіи и Вельсѣ возложено на министерство торговли (Board of

Trade), которое назначаетъ трехъ инспекторовъ—двухъ для завѣдываиія прѣсноводнымъ рыбнымъ промысломъ, и одного для завѣдыванія морскимъ рыбнымъ промысломъ.

Въ Шотландіи главный надзоръ за производствомъ рыбнаго промысла ввѣренъ особому управленію, "The Fishery Board for Scotland," въ г. Эдиндбургѣ. Для административныхъ цѣлей прибрежье Шотландіи раздѣлено на 26 промысловыхъ раіоновъ, изъ которыхъ 17 находятся на восточномъ и 9 на западномъ прибрежьи.

Изъ всѣхъ рыбныхъ продуктовъ, поставляемыхъ Великобританіей на международный рынокъ, главное и при томъ весьма важное значеніе имѣетъ соленая сельдь.

Каждое лѣто къ берегамъ Великобританіи прибываютъ несмѣтныя количества сельдей для нереста, когда и производится главный ловъ этой рыбы. Время нереста находится въ зависимости отъ географической широты промысловаго раіона. Около Вика (Wick, на восточномъ берегу сѣверной части Шотландіи) оно бываетъ въ іюнѣ и іюлѣ, у Петергэда (Peterhead) и Абердина (Aberdeen)—въ іюлѣ и августѣ, у Ярмута (Yarmouth)—въ августѣ и сентябрѣ, около береговъ Кента—въ сентябрѣ и октябрѣ, на южномъ берегу Англіи—въ январѣ.

Цѣна на ввозную сельдь (свѣжую, принимаемую отъ рыбаковъ) въ 1890 г. равнялась около 5 шиллинговъ (1 шилл. = 47 коп.) за центвайтъ (1 центвайтъ или англійскій центнеръ = около 3 пуд.), при чемъ она оставалась приблизительно на этомъ же уровнѣ въ продолженіе 15 лѣтъ, но къ 1904 г. она понизилась до цѣны, близкой къ 4 шиллингамъ.

По даннымъ журнала "Mitteilungen des Deutschen Seefischerei-Vereins", въ 1910 г. въ Россію ввезено моремъ изъ Англіи слѣдующее количество соленыхъ сельдей:

Портъ ввоза.		
Балтійскій портъ	6,206	боченковъ
Ревель	8,248	,,
Рига	86,431	,,
С.-Петербургъ	303,566	,,
Либава	489,132	,,

Однако при этомъ слѣдуетъ имѣть въ виду, что значительное количество сельдей ввозится въ Россію и черезъ сухопутную границу.

BLACK'S

Commercial Directory

OF

BRITISH AND RUSSIAN

MANUFACTURERS, EXPORTERS,

IMPORTERS, Etc.

1914.

Edited and Published by

L. BLACK & CO., 4, Eastcheap,

London, E.C.

INTRODUCTION.

The principal object of the Publishers of this book is to provide Traders of the British Empire and Foreign Countries with an abbreviated Directory of the most important British and Foreign Manufacturers, Exporters, Importers, etc.

Our first issue is a special Anglo-Russian Edition, printed in English and Russian, as we know that English goods are in great demand in Russia, and that Russian Traders are very anxious to enter into direct communication with English firms.

In addition to Names and Addresses of British and Russian firms, our publication contains Sections dealing with English and Russian Trade Statistics, Customs Tariff, Commercial Law in Russia, Post Office Regulations, Guide for Travellers to Russia, etc., etc. (see Contents pages).

Further editions containing more complete Directory and fuller information will be issued in the future.

The information in the Directory has been obtained from official sources and is therefore reliable.

RUSSIAN CHAMBER OF EXPORT.

Office: S. Petersburg, Newsky, 92.

SAMPLES' MUSEUM & COMMERCIAL AGENCY.

With the object of organising a practical and efficient assistance to the export of Russian products and manufactured goods the Committee of the Russian Chamber of Export has decided to form at the Chamber a "Samples' Museum & Commercial Agency" on the line of similar institutions in Western Europe which render most valuable services to the export trade.

The Museum will have the character of a permanent exposition of samples of different products of rural and other industries and manufactured goods, and thereto may apply every merchant or industrial wishing to advertise his goods or manufactures in the capital of the Empire, which presents a centre mostly visited by foreigners who arrive mainly for financial and trade purposes. In addition to this the Chamber is widely advertising abroad the inauguration of the "Samples' Museum" which is the first institution of this kind in the Empire, and this advertisement will largely contribute to attract foreign buyers interested in the exportation of products of Russian rural and industrial riches.

The Administration of the Museum will also advertise the samples received from the Members of the Chamber free of charge in the "Russian Export Journal," published by the Chamber.

From above it follows that the Museum will not only be a place for exhibiting samples, but, in addition, a collective Export and Import Office, where every producer or industrial, or owner of any rural or mining property, wishing to draw thereto the attention of the foreign commercial and financial circles, will have on the main street of the capital (Nevsky persp., 92) his own small office and representation for a minimum charge. Full particulars sent on application.

RUSSIA.

—*—

Area and Population.

	Square Miles.	Population (1910).
Russia in Europe	1,909,519	
Russia in Asia	5,979,940	
Total	7,889,459	167,034,000

Productions.

The principal source of wealth in Russia is agriculture, and the volume of trade depends mainly upon the success of the crops. The mineral resources of Russia, although of great value, are only slightly developed, notwithstanding the fact that heavy import duties are imposed on all minerals imported. The principal districts where minerals are found are Siberia, the Ural Mountains, the Caucasus and Poland. Near the Sea of Azov and in Poland coal and iron are found, and in recent years have been increasingly produced. Iron is found in the Ural Mountains, but it is difficult to obtain, as very little fuel is to be procured in the vicinity. The development of the Ural iron mines would be very difficult on account of their remoteness from any industrial markets.

The south of Russia is devoted almost entirely to agriculture, vast quantities of wheat and fruits being produced. The vineyards of the south are extremely prolific, and the wine industry of the Crimea and the Caucasus is increasing rapidly.

Oil is produced in the district around Baku in enormous quantities, the yearly output approaching 2,200,000,000 gallons. The greater portion of this is conveyed to Batoum by pipe-line. Batoum and Astrachan are the principal towns engaged in the export of oil.

COMMERCIAL LAW IN RUSSIA.

POSITION OF FOREIGNERS WITH REGARD TO INDUSTRIES.

No. 1.—ALCOHOLIC LIQUORS.

The chief excise officer grants licences for the manufacture and sale of alcoholic liquors. Applications for licences must be accompanied by a trade certificate and by the written sanction of the local authority.

Distillers are limited as regards the amount of spirit they may produce.

The sale of spirits is a monopoly of the Government, who buy $\frac{2}{3}$ of the consumption of the district from the local distilleries, while the remainder is bought at auction, or made in Government distilleries.

Spirits are sold in shops managed by the Government, or in specially licensed premises.

No. 2.—BOOKS.

Foreigners desirous of establishing printing works of any kind, libraries, reading rooms, etc., must obtain a special licence, in St Petersburg from the Prefect of Police; in Moscow from the Governor General; and elsewhere from the Governor.

The application for a licence must contain the trade certificate and a statement of the number and size of the printing presses it is proposed shall be used.

All literature and works of art imported into Russia, after paying import duties, are passed through the hands of the Censor.

3.—MANUFACTURING AND METAL INDUSTRIES.

Before founding factories permission to do so must be obtained from:—

(a) The local authority, whose sanction must be sent to

(b) The Minister of Finance.

No munitions of war (ordnance, small arms, explosives, etc.), or playing cards can be manufactured by foreigners in Russia.

No. 4.—MATCHES.

There are no restrictions on the manufacture or sale of matches.

The duties payable are:—

1. Patent duties (on the excise licence):
   - (a) 50 roubles per annum in hand factories.
   - (b) 100 roubles per annum in horse factories.
   - (c) 150 roubles per annum in steam factories.
2. Excise duties:
   - (a) Safety matches of home-manufacture pay one-quarter copek on each 75 matches (or part) contained in one box.
   - (b) Safety matches imported pay double the above duty.
   - (c) All other matches manufactured in Russia pay double the amounts in (a) and four times that amount if imported.

No. 5.—MINING.

Foreigners are prohibited from mining in the following districts except by permission of the Minister of Agriculture:—

(a) The Chinese borders of Siberia.
(b) The islands of Saghalien.
(c) The maritime regions.
(d) The Yenisei territory.

Since May, 1887, no foreigners may acquire land for mining purposes in Poland; and in Turkestan mining is forbidden to foreigners.

Gold mining is prohibited within any district less than 66⅓ miles from the Pacific coast, and in the islands of Saghalien.

No. 6.—PETROLEUM.

To engage in this industry in the Caucasus foreigners must obtain permission from

(a) The Governor-General of the Caucasus.
(b) The Minister of Agriculture.

Foreigners may not engage in this industry in

(a) The Maritime regions.
(b) The islands of Saghalien.

No. 7.—SALT.

Foreigners are under no restrictions as regards the manufacture and sale of Russian salt.

Foreign salt, with the exception of that imported into the ports of the Mourman coast (Archangel) and Kola, has to pay import duty.

Importation of salt via the Black Sea, Sea of Azov and Trans-Caucasia is prohibited.

No. 8.—SUGAR.

There are no restrictions on the manufacture or sale of sugar.

Two duties are payable:—

1. That on the excise licence: 5 roubles on each thousand poods.
2. The excise duty: 1 rouble 70 copeks per pood of crystallized sugar.

Bills of Exchange.

Two kinds of bills are in force in Russia:—

1. Ordinary Bills of Exchange (prostoi veksel), similar to English Promissory Notes.
2. Drafts (perevodni veksel), similar to English Bills of Exchange.

Bills of Exchange must fulfil the following conditions:—

1. The exact date when the bill was drawn must be clearly stated.
2. The words "Bill of Exchange" (veksel) must be used. Should a foreign language be used, the words "Bill of Exchange" must be translated into that language.
3. In ordinary bills it must be clearly shown that the drawer pledges himself to pay in accordance with the terms set forth in the bill.
4. The name of the payee or payees must be shown.
5. In drafts the name of the drawer, together with his residence or the place of payment must be given.
6. The document must show the amount to be paid and the date of payment.
7. The bill must contain the signature of the drawer.
8. Stamped forms (Inland Revenue) must be used for all bills.

No additions or deviations from the above conditions are allowed. Should any be made the document is not legal.

Bills of Exchange drawn in other countries and complying with the laws of those countries, are legal in Russia.

TRANSFER OF BILLS.

1. Bills are transferred by endorsement.
2. An endorser, if residing out of Russia, must comply with the law of the country in which the endorsement is made.
3. Bills may be retransferred by original endorser.

HOLDERS OF BILLS.

A holder's title to a bill is valid unless it can be proved that to his knowledge the bill had passed out of the previous holder's hands against his will.

ACCEPTANCE OF BILLS.

An acceptor may accept the bill for the full amount or in part. He may name a special payer and place of payment. The acceptor must pay whether he accepts before or after date of payment.

The acceptance may take the form of an endorsement by the acceptor, or simply his signature on the face of the bill.

If the bill be not fully accepted within twenty-four hours after presentation the holder has the right to protest it.

SURETIES.

The payment of the full amount of the bill may be guaranteed by sureties. An endorsement to this effect must be signed by the sureties.

LIABILITIES OF PARTIES.

1. The drawer of a bill is liable for payment, and he cannot question validity of endorsements.
2. Should a bill be dishonoured the holder may sue any or all of the persons liable.
3. Invalidity of one signature does not invalidate the other parties from liability.

PROTEST.

Protest must be made when bills are not paid upon presentation. Should protest not be made all liability of the endorsers ceases, and drawer only is liable for payment of amount due, together with 6 per cent. interest yearly after date of proceedings.

A deed of protest must be drawn up within twenty-four hours of the protest being made and must contain:—

1. An exact copy of bill as it appears on day of protest.
2. The names of the plaintiff and defendant.
3. A statement that a demand for payment was made by a notary, or a statement of the reason why no demand was made.
4. The answer to the above demand, or that no answer was given.
5. The exact date and place where demand was made, or it appeared could not be made.
6. Exact date of protest.
7. Signature and seal of notary.

The protestor may claim from the parties liable:—

1. The sum due, together with 6 per cent. interest per annum; such interest to be calculated from the day of maturity.
2. All expenses of the protest.
3. Compensation of ¼ per cent. of the amount due.

The endorser, after paying the bill, may claim from the drawer, acceptor, or prior party:—

1. The sum he had to pay, plus 6 per cent. interest per annum,
2. Compensation of ¼ per cent. on the said sum.

When judgment has been given, no delay in payment is allowed.
In case of bankruptcy the protestor is a privileged creditor.
The plaintiff can demand from the defendant a deposit for costs.

LOST BILLS.

A person who loses a bill may apply to the Court for an order stopping payment of the same.

TRADE MARKS AND PATENTS.

British subjects, who have applied in due form in England for

(a) A certificate to a trade mark, shall have during the four months immediately following the date of application a preferential right to receive such certificate in Russia in accordance with Article 161, Section 4, of the Industrial Law.

(b) A patent for an invention or technical improvement shall have during the twelve months immediately following the date of application a preferential right to receive such patent in Russia.

(c) The protection of an industrial model or design, shall have during the four months immediately following date of application priority of right to give information of said model or design to the Russian Department of Industry.

PATENT MEDICINES IN RUSSIA.

Patent medicines, chemicals, and similar specifics are not protected by patent or trade mark when imported into Russia. Such goods can be reproduced by Russian manufacturers, identical in composition and process of preparation, but the goods so produced must be distinguished from those imported by

(a) Form, colour and wording of wrappers and labels.

(b) Labels bearing the following printed in Russian:
1. Name of the goods.
2. Name and address of manufacturers.

Guide for Travellers to Russia.

(Extracted from the Regulations issued by the Russian Authorities).

—*—

PASSPORTS.

1. Passports must be obtained by travellers from their respective Governments, and must bear the visa of a Russian Consul or Diplomatic Officer. The Consular Fee is 4s. 10d.

2. The traveller must state his religion when applying for the visa.

3. All documents must be forwarded in duplicate to the Consulate-General.

4. Passports are valid for a visit of 6 months. At the end of that period a billet de séjour must be applied for at the Prefecture of St. Petersburg, or at the Chancery of a Provincial Governor. The billet de séjour must be presented at once to the local police for visa and must be renewed annually. The cost of this document varies from 7.15 roubles to 1.29 roubles.

5. Travellers returning from Russia must obtain police authorization to leave. For the first visit this costs 75 cop., for further visits the cost is 6.50 roubles. The billet de séjour must be surrendered and the passport will then be returned.

6. Travellers passing through Russia without a break of journey at any place within the Empire the passport may have the visa "to travel through Russia," which will enable the traveller to dispense with any further formalities when entering and leaving Russia.

7. Foreign Office passports must be applied for on the special forms issued by the Foreign Office Passport Department. Passports are issued on the day following receipt of application.

8. Foreign Office Passports are issued only to British subjects:—

(a) Natural-born British subjects and persons naturalized in the United Kingdom must make a declaration and have it verified by a British bank, or by a mayor, magistrate, justice of the peace, minister of religion, barrister, physician, surgeon, solicitor or notary.

(b) Persons naturalized in any British Colony must produce a letter of recommendation from the Colonial Office.

(c) Natives of British India and Naturalized subjects from India must produce a letter of recommendation from the India Office.

(d) Naturalized British subjects must forward their certificates of naturalization with the application for a passport. If living in London or in the suburbs they must apply personally.

9. Foreign Office passports are valid for five years, at the expiration of which period they must be renewed.

10. Foreign Office passports must be signed by the holders.

RUSSIAN CENTRAL ASIA.

Travellers proceeding to the Russian possessions in Central Asia must obtain permission from the Russian Imperial Government, through the Representative of their respective countries in St. Petersburg. Should travellers proceed to Central Asia without this permission they will not be allowed to continue their journey, and no responsibility will be accepted by the Imperial Government for losses or delays caused by such action.

Application for permission to travel in Central Asia must be made at least three weeks before the traveller arrives in that region.

LETTERS OF CREDIT, Etc.

1. Letters of Credit and Drafts payable in Russia may be obtained from foreign bankers in London. They must be stamped with Russian bill stamps.

2. Circular notes are issued by most London bankers. A letter accompanies the note and indicates the name of the correspondent. This must be produced at the time of payment.

3. A supply of Russian currency should be obtained before leaving England as loss is often incurred when English money is changed abroad.

CUSTOMS REGULATIONS.

1. Travellers to Russia must undergo the Customs examination on the frontier.

2. Travellers leaving Russia are examined only when they are suspected of carrying dutiable articles, or articles forbidden to be exported.

3. Playing cards and lottery tickets (unless issued by a foreign State) are refused entry.

4. As a rule, articles in actual use by the passenger are admitted duty free, unless an unreasonable quantity is carried.

5. Should duty be claimed on passenger's luggage, the passenger has the option of sending the articles back if he does not wish to pay duty. Duty under the amount of three roubles is not collected.

REGULATIONS FOR COMMERCIAL TRAVELLERS IN RUSSIA.

Commercial travellers arriving in Russia for purposes of trade must provide themselves with a "certificate of license to trade" (carte de légitimation), issued by the Chambers of Commerce of their respective countries, and with a letter of authority, on presentation of which, to the Customs Authority on the Russian frontier, a trading certificate, costing 150 roubles (£15 16s. 7d.), will be issued entitling the firm they represent to trade in Russia.

A personal license must also be taken out by the traveller at a cost of 50 roubles (£5 5s. 6d.), unless the trading certificate is taken out in the name of the traveller, in which case the personal license is not necessary.

The trading certificate, when taken out by the firm, entitles them to employ any number of travellers, each of whom must have a personal license.

The validity of both the above certificates terminates on January 1st of each year, and if issued during the second half of the year one half of the fees only are payable.

Provincial dues, amounting to 15 per cent. and 10 per cent. on the above charges respectively, are also charged, as well as town dues (which vary in amount and are not everywhere leviable).

TABLE OF CHARGES.

	Crown Tax.	Provincial Dues.	Town Dues.
Trade Certificate	150 roubles.	15 per cent.	15 per cent.
Personal License	50 roubles.	10 per cent.	10 per cent.

It is important to note that travellers who visit Russia solely to purchase goods need not take out a Trade Certificate, and pay no rates or taxes.

TRAVELLERS' SAMPLES.

Samples are recognised as such only when brought by the commercial traveller, and when a declaration is made that the samples will be re-exported.

Samples of commercial value are dutiable. At the customs examination they are sealed and if still sealed when re-exported at any port the duty is refunded. Special permission for re-exportation must be obtained from the Minister of Customs, who may fix a period of not more than 12 months within which such re-exportation must take place.

Samples of no commercial value are not dutiable.

Travellers accompanied by cases, etc., of samples must deposit a guarantee in full for the duty chargeable.

Luggage to the extent of 36 lbs. (1 pood), is carried free on the railways when accompanied by the traveller. Any excess weight is charged at the ordinary rates.

FINLAND.

No trading or personal certificate is necessary in Finland, nor are taxes of any kind payable.

Travellers must be provided with a carte de légitimation as in Russia and must personally attend the customs examination of their samples.

SAMPLES.

The regulations for entry and re-exportation of samples are similar to those in Russia except as follows:—

The period for re-exportation of samples is 6 months.

The traveller may pay the duty at the time of entry, in which case he must, at the time of re-exportation, return the list of samples to the customs house which issued it, or he may offer a guarantee for such payment. In the latter case three citizens must guarantee payment of duty, and a certification of such guarantee may be required from a Crown official.

INLAND REVENUE DUTIES.

Estate Duty—All property, settled or unsettled, passing by the death of a person dying since 1st August, 1894 (so far as not specially exempted under the provisions of the Finance Acts), is liable to Estate Duty, and, for the purpose of determining the rate of such duty, has to be aggregated so as to form one "estate."

In the case of persons dying on or after the 30th April, 1909, the rates of Estate Duty are according to the following scale. [*See* Finance (1909-10) Act, 1910, s. 54 and the second schedule to that Act.]

The above general rule for aggregation is subject to certain qualifications. The principal qualifying provision is as follows :—

Where settled property passes on the death of a person dying on or after 19th April, 1907, under a disposition made by a person dying *before* 2nd August, 1894, and such property would, if the disponer had died on or after 2nd August, 1894, have been liable to Estate Duty upon his death, it is not to be aggregated with other property, but is to be treated as an "estate by itself."

Note.—Under the Act (63 Vict., c. 7) in force immediately prior to the Finance Act, 1907, such property would have been liable to aggregation with other property so as to enhance the rate of duty payable, where the value of the estate required it, to the limited extent of one half per cent.

In addition to the above, where property liable to Estate Duty is settled by the will of the deceased, or having been settled by some other disposition, passes under that disposition, on the death of the deceased, to some person not competent to dispose thereof, a further duty—called Settlement Estate Duty—is payable at the rate of £1 per cent. on the settled property, but from that payment the *ad val.* Stamp Duty (if any) charged on the settlement may be deducted.

In the case of persons dying on or after the 30th April, 1909, the rate of Settlement Estate Duty leviable in respect of settled property is 2 per cent. Finance (1909-10) Act, 1910, s. 54.

Small Estates—(i.) If the net value of the property, real and personal, passing on the deceased's death (exclusive of property settled by any prior disposition) does not exceed £1,000, such property is exempt from Settlement Estate Duty, and from Legacy or Succession Duties. (ii.) And where the gross value of the unsettled property passing on the deceased's death does not exceed £300 or £500 respectively, and a grant of probate or administration is taken out in a certain special manner, a fixed Duty of 30/- or

†On £1,000,000, £11 on remainder. ‡On £1,000,000, £12 on remainder. §On £1,000,000, £13 on remainder. ‖ On £1,000,000, £14 on remainder. ¶On £1,000,000, £15 on remainder.

50/- is payable, and such estate is exempt from all other Death Duties.

With respect to Personal Estate, interest at 3 per cent. per annum, without deduction for Income Tax, is also payable on the Estate Duty from the date of the death up to the date of the delivery of the affidavit.

The Estate Duty on real property may be paid, if desired, by eight yearly or sixteen half-yearly instalments, the first at the expiration of 12 months from the death, with interest at 3 per cent. per annum from the last-mentioned date on the duty for the time being unpaid.

Legacy and Succession Duties—Also see "Estate Duty."

Rates of Duty payable on Legacies, Annuities and Residues. Children of the Deceased, or their Descendants, or the Father or Mother or other Lineal Ancestor of the Deceased, £1 per cent.*; Brothers and Sisters of the Deceased, or their Descendants, £3 per cent.; Brothers and Sisters of the Father or Mother of the Deceased, or their Descendants, £5 per cent.; Brothers and Sisters of a Grandfather or Grandmother of the Deceased, or their Descendants, £6 per cent.; Persons in any other degree of collateral Consanguinity, or Strangers in Blood to the Deceased, £10 per cent. The Husband or Wife of the Deceased is not chargeable with Duty. A Legatee, whose Husband or Wife is of nearer Relationship to the Deceased, is chargeable with Duty at the rate at which such Husband or Wife would be chargeable. Relations of the Husband or Wife of the Deceased are chargeable with Duty at £10 per cent. unless themselves related in Blood to the Deceased. Appraisements or Valuations of any Property made for the purpose of ascertaining the Legacy Duty payable in respect thereof are exempt from Stamp Duty.

Rates of Duty payable on Successions to Real and Personal Property, Charges on Real Property, and Money from the Sale of Real Property:—Lineal Issue or Lineal Ancestor of the Predecessor,† £1 10s. per cent.; Brothers and Sisters of the Predecessor, or their Descendants, £4 10s. per cent.; Brothers and Sisters of the Father or Mother of the Predecessor, or their Descendants, £6 10s. per cent.; Brothers and Sisters of a Grandfather or Grandmother of the Predecessor, or their Descendants, £7 10s. per cent.; Persons of more remote Consanguinity or Strangers in Blood, £11 10s. per cent. The Husband or Wife of the Predecessor is not chargeable with Duty; and a Successor whose Husband or Wife is of nearer Relationship to the Predecessor is chargeable with Duty at the rate at which such Husband or Wife would be chargeable. The Relations of the Husband or Wife of the Predecessor are chargeable with Duty as Strangers, unless themselves related in Blood to the Predecessor.

If the property which is the subject of the succession is chargeable with Estate Duty, the rates for Legacy and Succession Duty are identical. Moreover, where the Successor is lineal issue or ancestor (or husband or wife of lineal issue or ancestor) of the predecessor, the payment of Estate Duty under the title under which the Succession is derived wholly relieves such Succession from Succession Duty.

In the case of persons dying on or after the 30th April, 1909:—

Legacy or Succession Duty formerly payable:

(i.)	At rate of 3 %	now payable at rate of	5 %
(ii.)	At rate of 5 or 6 %	" "	10 %
(iii.)	At rate of 4½ %	" "	6½ %
(iv.)	At rate of 6½ or 7½ %	" "	11½ %

Legacy and Succession Duty also payable at the rate of 1 % in the case of husband or wife of the testator, intestate or predecessor, or lineal ancestor or descendant of the testator, intestate or predecessor. But the principal value of the property passing must exceed £15,000, and the value of the benefit derived by the beneficiary from the testator, intestate or predecessor must exceed £1,000, or in the case of a widow or minor must exceed £2,000.
